New Business

- Discussed bullying and social media. Confirmed school is having conversations through counselors in middle schools. The age of exposure to social media is decreasing but there will be a presentation for K-12 in 2026 with other schools visiting as well.
- Discussed cutting back on paper sent home. Try to reduce to a more Earth friendly option as well as less papers for teachers. Jennifer McBaine discussed the Remind App. This has been useful for her as a teacher to decrease paper, keep running documentation for parent/teacher conversations, and sending large groups or individual information. Already in use for Mrs. Bexten as well.
